

R1150RT Flatbed Installation

Contents of Package:

- 1 x Flatbed Luggage Rack
- 2 x Flatbed mounting brackets
- 4 x thumbscrews (located on Flatbed)

Tools you will need other than those found in the BMW toolkit:

- None

Ensure the motorcycle is placed on the center stand.

Installing the Mounting Brackets:

1. Remove passenger seat.
2. Remove the 4 bolts securing the helmet locks.
3. Install the left and right mounting brackets.

4. Re-install passenger seat.

Mounting the Flatbed:

1. Remove the thumbscrews from the Flatbed.

2. Slide the Flatbed support brackets between bike mounting bracket and seat.
3. Tighten thumbscrews.
4. *Load and Go!*

Warning: FlatBed is not to be used to carry a passenger.
